

## **As of 31st March our telephone system is changing.**

The new system will make it easier for you to speak to someone.

When you call the main hospital number  
**020 8546 7711** please listen to the options as they have changed.

We have also introduced a new appointment reminder service and you will receive a voice call and a text message to remind you about the appointment.

When calling about your appointment, some of the department phone numbers may have changed.

**Please check the new numbers overleaf.**
