Good news

With funding and support from local children's charity Momentum we opened a new Dame Jacqueline Wilson themed Isolation room on one of our Children's wards.

Monthly staff award winner

Jennifer Gardiner
Physiotherapist
Caring

Your feedback

My frail and elderly father received outstanding care from all the staff in the AAU during his short stay. The level of compassion and understanding shown to him, and to his family, was outstanding and he was treated as an individual at all times. We could not be more grateful.

Achievements

There were no falls with harm reported this month.

More staff

As a result of a dedicated focus on recruitment and retaining staff, we now have 800 more permanent staff than this time in 2016.

Winners

Our Macmillan Service volunteers win the Deborah Hutton Award (London) for their dedication to our patients in the Sir William Rous Unit.
