

April 2017

Good news

We received £1million government funding to build a new urgent care centre and announced an expansion of A&E.

Your feedback

“ We had our baby at Kingston hospital and had very good support from all the midwives, paediatric staff and nurses from NNU. We had excellent care, support and comfort from all of the staff in the Maternity wing. We will never ever forget the staff; the care we received from them was excellent. ”

Senior HR Advisor
Responsible

Achievements

There were 16 fewer formal complaints than April 2016.

Specialist support

Our specialist physiotherapy classes help support patients recovering from breast cancer.
