

Library Guide

PAIN MANAGEMENT

A guide to specialist library resources for Pain Management at Stenhouse Library.

Books

The Library holds approximately 188 pain management books including:

- Educational/text books;
- Exam books; and
- Specialty specific books, e.g. orofacial pain, perioperative pain, cancer pain

To find the book you are looking for, check the Library's catalogue (<https://sten.koha-ptfs.co.uk>). Most pain management books are classified under the heading **WL**. If the Library does not stock the book you require, please let us know as we may be able to obtain it for you from another library.

The collection is regularly updated, so if you have any suggestions of titles to be added to the collection please email the library.

Pain Management Journals

The Library provides access to over 3000 print and e-journals, DynaMed and BMJ Case Report. Some of the titles relevant to pain management include:

- British Journal of Pain
- Journal of Pain and Symptom Management (contents available, full-text in 2hrs)

To view a full list of the journals that are available to library users visit MyJournals (<https://journals.nice.org.uk/>) and log in using your OpenAthens account.

If the Library does not have access to the article or journal you require please let us know as we are able to request copies of articles for you from another library.

E-Books

The Library has a variety of e-books that are available for use at any time, and can be accessed via OpenAthens at <https://www.kingstonhospital.nhs.uk/healthcare-professionals/stenhouse-library/library-services/books-e-books.aspx>. In addition to e-books for other specialties (e.g. cardiology, emergency care, dermatology), a number of e-books focussed on pain management are available, including:

- Evidence-based chronic pain management
- Bonica's management of pain
- The 5-minute pain management consult
- Essential emergency procedural sedation and pain management
