Good news

Our Head of Audiology Justine Sweet was named runner up Audiologist of the Year 2017 and received a Fellowship Award for the publication of her report *Improving care for people with hearing loss, tinnitus and dementia*.

Monthly staff award winners

John Chingwundoh, Clinical Director and Deidre Rendall, Medical Secretary
Value Each Other

Your feedback

“I cannot rate the Maternity staff in the Transitional Care Unit more highly. They were empathetic, patient, considerate and informative. They guided my husband and I through a hugely stressful time and we will be forever indebted that they eased that stress with humour, professionalism and care.”

How we're doing

We achieved excellent performance against the national cancer targets in August. This included 100% compliance for all 31-day 2nd or subsequent treatment targets.

Raising awareness

Our staff raised awareness for World Sepsis Day, donning stripy socks and participating in a 'Where's Wally?' themed competition.
