Urgent Treatment Centre opened

Our new Urgent Treatment Centre opened as part of our Emergency Department transformation works, which will help us see and treat patients quicker.

Your feedback

“The treatment I received on AAU was absolutely remarkable. Every staff member was extremely attentive to me and I can't thank them enough.”

Monthly staff award winner

Richard Sandham,
Practice Development Practitioner
Responsible

How we're doing

We were ranked third out of 150 hospitals across the country for our ongoing recruitment success.

Dementia Friendly Award

We were one of just three finalists for the Alzheimer's Society Dementia Friendly Organisation of the Year Award.

Good news

A hospital volunteer and violinist came into our Intensive Care Unit to play relaxing music for our patients and staff, and will be coming in on a regular basis.
