## Good news

We were the first to launch Point of Care Testing for Flu, meaning we can now test adult patients for flu and have a result in 20 minutes.

## Your feedback

“For the last two weeks my mother has been literally kept alive by the ICU unit at Kingston Hospital, she has finally turned a corner and is off the ventilator. Thank you, thank you, thank you to Kingston Hospital.”

## Monthly staff award winners

Lauren Frow, Staff Nurse & Richard Evans, Facilities Manager  
Caring

## Charity Relaunch

Kingston Hospital Charity relaunched with a new logo and identity to build greater awareness and support fundraising. The Charity generates funds to help the hospital's patients and staff.

## National Staff Survey

52.8% of our staff completed the National NHS Staff Survey - an increase from last year's 51.1%.
