

Good news

Our Dermatology department installed a new phototherapy machine to improve treatment for patients with inflammatory skin conditions. This will allow us to see an additional 18 patients per week.

Senior Sister
Responsible

Thank you from HRH Prince Charles

Our Macmillan Cancer Support volunteers were recognised at HRH Prince Charles' thank you event at Buckingham Palace to celebrate the amazing work they do.

How we're doing

According to National Hip Fracture statistics, we were able to mobilise 90.5% of hip fracture patients out of bed the day after surgery, compared to a national average of 77.3%.

Your feedback

Huge thank you to Kingston Hospital for all the care and attention they have given my mum in Alex ward. I can't thank you enough for the excellent caring staff, from the ambulance, to A&E, to the wards.
