

Nutrition and Hydration week

To mark Nutrition and Hydration week, our Dietetics teams made mocktails and served them to patients, visitors and staff on some of our wards.

Good news

Our NHS Staff Survey results were some of the best in London this year. We scored in the top 20% of all acute Trusts in the country for 16 key areas and had the third best score in London for overall staff engagement.

Monthly staff award winner

Ritti Desai,
Pharmacist
Safe

How we're doing

According to the national Seven Day Services report, 92% of our patients were seen by a consultant within the first 14 hours of admission, compared to the national average of 72%.

Your feedback

Thank you to everyone for delivering my beautiful baby boy and for looking after my wonderful wife during what can only be described as a tricky labour. Your talented team are amazing and have been so kind. Thank you.
