

Volunteering Awards

We held our annual Volunteering Awards with winners from across the hospital, including Outpatients, Maternity, Audiology and ICU.

Monthly staff award winner

Isaac Chapman,
Head of Business
Systems
Responsible

Good news

Work began on our Sir William Rous Unit to add an extra floor to accommodate our haematology service. This will ensure all chemotherapy services are delivered from the same location on the hospital site.

How we're doing

The Trust achieved all cancer targets in May, with the highest 62 day performance in the country (99.24%).

Your feedback

Thanks to everyone in AAU for taking care of me with an unexpected illness. The level of care I received was exceptional and highly professional and I can't thank everyone involved enough for helping me at a very difficult time.
