

Sock it to Sepsis

We marked World Sepsis Day with our 'sock it to sepsis' campaign - our Emergency Department team wore stripy socks and tights to raise awareness.

Good news

To mark Childhood Cancer awareness month, Momentum Children's Charity arranged for a special hospital visit from three owls to give the children on our paediatric wards a rare and wonderful experience while being in hospital.

How we're doing

We received the highest rating for overall performance in the SSNAP (Sentinel Stroke National Audit Programme) audit, placing us among the top 25% of teams nationally.

Your feedback

Couldn't praise all the staff on Astor ward more, all so helpful and caring, nothing is ever too much trouble. That even goes for the porters too!
