

**Board Assurance Framework 2013/14**

<b>Name of meeting: Trust Board</b>	<b>Item: 9.1</b>
<b>Date of meeting: 29<sup>th</sup> January 2014</b>	<b>Enclosure: P</b>
<b>Purpose of the Report:</b>	
To provide the Committee with an outline of the key risks and changes within this year's Board Assurance Framework (BAF) since it was last presented to the Board in November 2013 and to ask the Board as the Scrutinising Committee to review in depth principal risks 4,5,6, and 9. This report will subsequently be presented to the Board.	
<b>For: Information</b> <input type="checkbox"/> <b>Assurance</b> <input checked="" type="checkbox"/> <b>Discussion and input</b> <input type="checkbox"/> <b>Decision/approval</b> <input checked="" type="checkbox"/>	
<b>Sponsor (Executive Lead):</b>	Simon Milligan, Director of Finance

<b>Document Previously Considered By:</b>	Compliance and Risk Co-ordination Working Group – 9 <sup>th</sup> January 2014 Executive Management Committee – 15 <sup>th</sup> January 2014 Clinical Quality Improvement Group – 15 <sup>th</sup> January 2014 Quality Assurance Committee – 8 <sup>th</sup> January 2014 Finance and Investment Committee – 19 <sup>th</sup> December 2013
<b>Recommendations &amp; Action required by the Trust Board:</b>	
<p>a) To review the 2012/13 BAF, and note the changes and areas of movement since the November 2013 Board meeting;</p> <p>b) Review in depth the four principal risks which are the responsibility of the Trust Board as the Scrutinising Committee; and</p> <p>c) Consider if the BAF provides assurance, in that it identifies the risks, controls and assurance that allows for the achievement of the Trust's principal objectives.</p>	

## 1. Board Assurance Framework

### 1.1 Introduction

1.1.1 This report presents the Board Assurance Framework for review as a whole and for the scrutiny of four of the principal risks for which the Board has responsibility as nominated scrutinising committee.

1.1.2 There are two principal risks which have been scored at 12:

**Principal Risk 1** - Failure to maintain and improve quality of care – this risk has been raised since the last report to the Board.

**Principal Risk 5** - Failure to ensure there are the right staff (numbers, skills and capability) in the right place

### 1.2 Changes in assurance and areas of movement in the BAF from last meeting on 27<sup>th</sup> November 2013

1.2.1 A summary of all new positive and negative assurances are included under appendix 1 along with the scores for each risk. There are no proposed changes to the scores of the principal risks.

1.2.2 An overview of the risks is included at appendix 2.

### 1.3 Delays in implementing of controls

There are no significant areas where controls have not taken place.

### 1.4 New Risks

No new risks have been identified

### 1.5 Review of the BAF by sub-committees

1.5.1 The risks have been reviewed by the responsible committees as outlined in appendix 3. Any requested changes have been documented in appendix 1.

### 1.6 Risks to be reviewed by the Board

1.6.1 The following risks are currently the responsibility of the Board to review as the scrutinising committee. The risks were also reviewed by the Executive Management Committee on 15<sup>th</sup> January 2014 as the responsible executive committee

1.6.2 In order for the Board, as the scrutinising committee, to be able to make decisions about the levels of assurance provided, further detail has been included on the sources of assurances on the pages following those four principal risks in appendix 4.

**Principal Risk 4** - Scale of implementation and deployment of a number of new IT systems impacts negatively on the functioning of the Trust and on clinical care

**Principal Risk 5** - Failure to ensure there are the right staff (numbers, skills and capability) in the right place

**Principal Risk 6** - Failure to develop the organisation to support the delivery of the Trust's vision

**Principal Risk 9** - Failure to respond appropriately to changes in the external environment

## 2. Recommendation

The Board is asked to:

- a) To review the 2012/13 BAF, and note the changes and areas of movement since the November 2013 Board meeting;
- b) Review in depth the four principal risks which are the responsibility of the Trust Board as the Scrutinising Committee; and
- c) Consider if the BAF provides assurance, in that it identifies the risks, controls and assurance that allows for the achievement of the Trust's principal objectives.

## Summary of changes in assurance and any proposed changes to risk ratings

Principal Risk	Current Risk Rating	Key Positive Assurances	Changes to Negative Assurances	New Risk Rating
<b>Principal Risk 1</b> - Failure to maintain and improve quality of care	12	No new positive assurances	No new negative assurances	No change
<b>Principal Risk 2</b> - Failure to maintain standards	9	No new positive assurances	No new negative assurances	No change
<b>Principal Risk 3</b> - Failure to maintain and develop an estate fit for the future	9	Trust Board approval of estates strategy	No new negative assurances	No change
<b>Principal Risk 4</b> - Scale of implementation and deployment of a number of new IT systems impacts negatively on the functioning of the Trust and on clinical care	8	No new positive assurances	No new negative assurances	No change
<b>Principal Risk 5</b> - Failure to ensure there are the right staff (numbers, skills and capability) in the right place	12	No new positive assurances	No new negative assurances	No change
<b>Principal Risk 6</b> - Failure to develop the organisation to support the delivery of the Trust's vision	9	<ul style="list-style-type: none"> <li>• Leadership programme starting.</li> </ul>	No new negative assurances	No change
<b>Principal Risk 7</b> - Failure to maintain engagement with patients and other stakeholder groups	6	<ul style="list-style-type: none"> <li>• Healthwatch forum meeting minutes</li> <li>• Patient Assembly minutes</li> </ul>	No new negative assurances	No change
<b>Principal Risk 8</b> - Failure to sustainably achieve financial targets	9	No new positive assurances	No new negative assurances	No change
<b>Principal Risk 9</b> - Failure to respond appropriately to changes in the external environment	8	No new positive assurances	New gap in control – arrangements for sector wide planning unclear post BSBV	No change

Current Ratings of Principal Risks in the Board Assurance Framework – January 2014

↑ =increased risk    ↓ =decreased risk    N =new

Consequence	Catastrophic	5					
	Major	4		<p>Principal Risk 9 – Failure to respond appropriately to changes in the external environment impacts on viability of the Trust</p> <p>Principal Risk 4 – Scale of implementation and deployment of a number of new IT systems impacts negatively on the functioning of the Trust and on clinical care</p>	<p>Principal Risk 5 – Failure to ensure there are the right staff (numbers, skills and capability) in the right place</p>		
	Moderate	3		<p>Principal Risk 7 – Failure to maintain engagement with patients and other stakeholder groups</p>	<p>Principal Risk 2 – Failure to maintain standards required to maintain licence to operate</p> <p>Principal Risk 3 – Failure to maintain and develop an estate fit for the future</p>	<p>Principal Risk 6 – Failure to develop the organisation to support the delivery of the Trust’s vision</p> <p>Principal Risk 8 – Failure to sustainably achieve financial targets</p>	<p>Principal Risk 1 – Failure to maintain or improve quality of care</p>

**Principal Risk 4 – Further information on assurances****Internal Sources of Assurance (quality and level)**

- **Feedback from staff**  
Deployment approach for major systems (e.g. CRS upgrade) discussed at Operational group and resource model developed to minimise impact on ward areas.
- **KPI**  
Dashboard being developed to identify any adverse impact on operational performance at an early stage of IT deployments
- **Regular reports to the Board**  
CRS presentation to the board on the roll-out approach and a further report on Risks around the programme will be given in July. Quarterly IT performance reports to EMC, and half yearly to the Board
- **Remedial action plan monitoring**
- **Attendance at training**  
CRS deployment requires 80% training booking and attendance - 95% for key users.
- **Reports received and validated**  
CRS programme Board receives regular highlight reports from the project. IM&T Steering committee monitor progress/risks for IM&T schemes delivered through the business planning process.

**External Sources of Assurance (have they been sought or are they planned)**

**No external sources of assurance at present**

**Negative Assurances**

**No negative assurances**

**Update on action plans**

CRS deployment of Clinical Documentation and e-prescribing have not been undertaken due to delays in the programme. CRS upgrade of PAS/ED has taken place. Options being considered for next steps.
