

## CERVICAL POLYPS

Use this guideline if you want to remove polyps found during examination

*Please note if you are sure it is a cervical polyp and there are no symptoms (PCB, excessive vaginal discharge) and patient happy with explanation removal is not necessary.*

### 2-week Pan-London suspected cancer referral criteria

**CERVICAL:**  
 Appearance of cervix consistent with cervical cancer

**VAGINAL:**  
 Unexplained palpable mass in or at entrance to vagina

**VULVAL:**  
 Unexplained lump, ulceration or bleeding
