

# INITIAL EQUALITY IMPACT ASSESSMENT (EIA) FORM

Name of policy / process / service / other	<b>Transferring Data Securely To Child Health Information Systems (CHIS)</b>	Date applicable	July 2021- July 2024
--	--	-----------------	----------------------

Responsible Staff Member: Balvinder Reehal  
 EIA Assessor/s: Maternity Guidelines Group  
 Directorate: Specialist Services-Maternity Service Line

## 1. FIELD / SUBJECT

Function    x Policy    x Procedure / practice     Service     Strategy     Document (if joint, state with whom)

Describe the main aim, objectives and intended outcomes of the above:  
 To ensure that there is a safe pathway for the transfer of all relevant information required by Your Healthcare.  
 Where a baby dies or the wrong information about a baby is sent to Your Healthcare to ensure that there are good internal mechanisms that enable the identification and correction of any registration errors.

An initial screening should be undertaken first. This helps to identify whether there is a possibility that people might have different experiences of the function/ policy / process/ strategy compared to others.

This initial EIA simply assesses whether different groups of people who use a service are affected by the intended function / policy/ practice / strategy more, less or in a different way than other groups of people. A differential impact occurs when a particular group has been affected differently by this in either a positive or negative/adverse way.

An assessment of whether there is a differential impact will be based on two factors – quantitative monitoring data and qualitative information, including the expert opinion from the EIA assessor who is normally the manager responsible for the delivery as well as someone with a different perspective. This would ideally be one or more service users or someone related to the service. There will be times when involving someone for their technical expertise or someone with specialist knowledge will be appropriate and EIA assessors should consider this. You must assess **each** of the 9 areas separately and consider how your document in section 1 may affect people’s human rights.

## 2. ASSESSMENT OF POSSIBLE ADVERSE IMPACT AGAINST ANY MINORITY GROUP
