Council of Governors Register of Interests April 2023

Introduction

The Constitution of Kingston Hospital NHS Foundation Trust requires Governors to declare any interests which are relevant and material to the Council. This includes any interest that could conflict with the impartial discharge of their duties and which could cause conflict between their private interests and their NHS duties. Declarations are requested annually for inclusion on the register. Governors are also reminded at the start of every meeting to declare any items on the agenda in which they may have, or be perceived to have, an interest.
